IMPACT WRENCH 1"
RRI-3700ML

This impact wrench by RED ROOSTER has an excellent weight/power ratio. The RRI-3700ML is developed for assembly- and disassembly applications for wheel bolts and nuts. The revolutionary Mechoneer impact mechanism gives high energy levels per impact. The Mechoneer impact mechanism combines the hitting strength of a Twin Hammer with the durability advantage of the closed hammer mechanism. On top of that, it is greased fully, which results in low vibration levels and low sound pressure. The tool is suitable for industrial use. The high RPM air motor builds up the desired torque levels very fast. With its long anvil this tool is especially well suited for the tire service to trucks and busses.
Breakloose torque: 3.390 Nm.

Characteristics:
- Ergonomic design, well balanced
- Compact design
- Mechoneer Impact mechanism
- Power adjustable, 3 positions, integrated in Forward/Reverse button
- Dead handle 360 degrees adjustable
