

**ALU-11/140 8**  
**ALU-11/140 10**

AluTac aluminium staples are useful when you need non-magnetic or rust resistant fasteners. While similar in appearance, they aren't as harmful to cutting tools as steel staples.

| ALU-11/140 8 mm | box                    | quantity     | size               | weight | art.nr. |
|-----------------|------------------------|--------------|--------------------|--------|---------|
|                 | box                    | 5000 staples | 69 x 45 x 109 mm   | 200g   | 17010   |
|                 | case                   | 20 boxes     | 295 x 240 x 130 mm | 4.25kg |         |
|                 | box GTIN 7391898170108 |              |                    |        |         |

| ALU-11/140 10 mm | box                    | quantity     | size               | weight | art.nr. |
|------------------|------------------------|--------------|--------------------|--------|---------|
|                  | box                    | 5000 staples | 69 x 55 x 109 mm   | 235g   | 17011   |
